HUB, ROTOR & CALIPER BRACKET BOLT KIT

FITS TRANSIT 150/250/350 (FRONT)

PART # H855KIT | TRANSIT BOLT WHEEL KIT FRONT

- **Direct Replacement** - the single-use bolts in this kit directly replace the original single-use bolts on certain vehicle years, makes, and models
- **Fit Matters** - Carlson Brake Parts are designed and tested to fit your original brake system for like-new performance. Drive free from the squeaks and poor performance that occurs when parts don't fit. Few things fit like Carlson.

REMEMBER:

SINGLE-USE BOLTS MUST BE REPLACED DURING BRAKE SERVICE

Single use bolts must be replaced with each Brake Service. "Per the original factory's design, please remove and discard the used bolts after each use."

Each Wheel Kit Includes:

5

Rotor
Mount Bolts

5

Axle Hub
Mount Bolts

2

Caliper
Mount Bolts
